FURTHER FROM EUROPE.

The Discussion of American Affairs in England.

MISCELLANEOUS CONTINENTAL NEWS.

The Disturbance in Japan.

The extra Cunard screw steamer *Hecla*, from Liverpool at 1 P. M., on the 20th, and Queenstown on the 21st ultimo, arrived at this port yesterday. Our files of British and Continental journals furnish very little of interest beyond the news published last Friday, brought by the *City of Washington*, telegraphed from Cape Race.

GREAT BRITAIN.

The *Levant Herald* says:

"A telegraphic correspondence has just passed between the Porte and Her Majesty's Foreign Office through the Turkish Embassy in London, on the subject of the arrested ironclads in the Mersey. The Ottoman Government is willing to purchase these vessels at Mr. Laird's price, £130,000 each, and Earl Russell, though unable at present to give effect to this wish, has expressed his readiness to promote it at the earliest moment the existing embargo can be removed. It is not, therefore, improbable that instead of defending Charleston or devastating New-York, these formidable ships may before many weeks, have passed mount guard in the Bosphorus or the Dardanelles."

The London *Times* editorially says:

"That, putting the least unfavorable construction on the intelligence by the last mail, it announces no progress whatever on the part of the North, in a case where not to advance is to recede. Provinces are not conquered by repulses, and a brave and enthusiastic population cannot be exterminated by keeping matters at a dead lock. Every month during which the South protracts its resistance tends to consolidate its power and to give it a firmer footing on its own soil, and a greater influence in the councils of other nations."

Political speeches by leading men continued of almost daily occurrence in various parts of England. Among others, Earl de Gray and Wilton had spoken in defence of the Government policy in American affairs. He advocated strict neutrality, and contended that England was bound to recognize the South as belligerents, in doing which she only admitted a fact which could not be denied, and which was acknowledged and secured by the Supreme Courts of Justice in the Northern States. He contested the arguments of Messrs. Seward and Sumner against this proceeding.

Mr. Collier, the Solicitor-General, had addressed his constituents at Plymouth in a similar strain. He urged that Government had not only to preserve neutrality toward the belligerents, but had to preserve its own neutral rights, and take care those rights were not violated by either side.

The London *Observer* says:

"Hon. W. Elliot, (son of Earl St. Germans,) who has been Secretary of Legation in Brazil, is about to proceed to Washington as Secretary to Her Majesty's mission to the United States in the room of Hon. W. Stuart, who is about to be absent on leave for the benefit of his health."

Mr. Mason, the Southern Commissioner, had returned to England from France, and was the guest of Mr. W. S. Lindsay, M. P.

There were rumors that Sir Robert Peel would be called upon to resign the Secretaryship for Ireland on account of his proceedings at the recent election in Tamworth.

A fearful colliery explosion had occurred at Port Talbot, near Swansea. About 35 men were killed.

FRANCE.

M. Rouher had been appointed Minister of State *vice* Billault, deceased, and M. Rouland, President of the Council.

The *Morning Post's* Paris correspondent says:

"The financial question is causing a somewhat unsatisfactory correspondence between the elected Emperor Maximilian and the French Government. There is no difficulty about the military arrangements, but that France will not guarantee a Mexican loan is certain."

La France states that M. Cassibianci will be appointed first Vice President of the Senate.

The *Globe's* Paris correspondent says that

"Besides the declared opposition in the Legislative body, there is in process of formation a semi-independent party whose votes will not on all occasions be reliable."

THE POLISH QUESTION.

The Paris *Pays* denies that France has participated in the recent negotiations upon the Polish Question, and states that England and Austria are endeavoring to come to an understanding upon the subject of an identical note. France is awaiting the result of these negotiations.

The official organ of the Polish National Government of Warsaw, contains a circular note of the National Government to its agents abroad, relative to the executions ordered by the former. The note states that comparatively few sentences of death have been executed, and that these were authorized by the verdict of the tribunal. "This measure," continues the note, "is a necessary protective against agents espionage. All that has been published respecting the executions, was an intentional exaggeration of the Russian organs, which the National Government rejects as a calumny."

LATEST VIA QUEENSTOWN.

INDIA.

London, Wednesday Morning, Oct. 21, 1863.

The Bombay mail has arrived. Advices to the 3d. Sikhs had been dispatched from Lahore, on an urgent requisition, to the seat of disaffection on the Northwest frontier. Orders had been issued to stop all leaves of absence to officers of corps stationed in the Punjaub during the disaffection of the frontiers. Three steamers had been taken for the conveyance of Her Majesty's Forty-third regiment to New-Zealand. Her Majesty's troopship *Himalaya* is expected to take Her Majesty's Fiftieth and Sixty-eighth regiments to New-Zealand. The former will embark at Ceylon, the latter at Rangoon.

The commercial news has been anticipated by telegraph.

MONETARY AND COMMERCIAL.

The *Times* City Article says the supply of Money yesterday, both in the Stock Exchange and Discount market, was less ample, and applications at Bank were rather numerous. The rate of discount has advanced in Hamburg from 5 to 5½ ℘ cent. The cause seems obscure, as no Bullion had been taken for transmission to London. A week since the rate was 3½. Gold is about 1s. 10d. dearer in London than in Paris. The English Funds were again steady yesterday, and during a short time there was a tendency to improvement. There was a rally in Greek and Mexican stock. The applications for the new Portuguese Loan are stated to amount to three times the total of the whole loan.

The *Daily News* City Article says arrangements are in progress for an amalgamation of the London and Middlesex Bank with a loan joint stock bank of established position. The London and Middlesex was formerly known as the Unity Bank.

NEW FRENCH LOAN.

The *Times* says the Paris advices state that the new French loan, which is expected shortly to be introduced, is likely to be for about £15,000,000.

SUIT AGAINST MR. CAMERON.

An experimental suit against the Hon. Simon Cameron, for alleged illegal arrest and imprisonment at Fort Lafayette while he was Secretary of War, will come on for trial to-morrow at Baltimore. It will probably be removed into the United States Court on a preliminary motion.

GEN. FOSTER RELIEVED BY GEN. BUTLER.

Maj.-Gen. Butler has been assigned to the command of the Eighteenth army corps, Department of Virginia and North Carolina, in place of Gen. Foster, who is ordered to report here to the Adjutant-General. Circumstances indicate that Gen. Foster will have command of the defences of Washington.

COMPLIMENT TO THE PRESIDENT AND HIS CABINET.

At a recent meeting of the Philadelphia Loyal League, and in the absence of its President, Herman Boker, President Lincoln and all his Cabinet were chosen honorary members of the organization.

THE REPAIRS TO THE ORANGE AND ALEXANDRIA RAILROAD.

The Orange and Alexandria Railroad is in running order to Warrenton Junction. During last week eleven miles of the road were repaired. Since the rebuilding began 653 lineal feet of bridges, from 20 to 65 feet in height, have been built, and 29,700 cross-ties made and laid. So thorough was the destruction of the road by the rebels that only six cross-ties were found that could be used.

BOOTS AND SHOES SEIZED AT RICHMOND.

A gentleman just from Richmond says that the rebel Government is seizing all the boots and shoes in that city for the use of Lee's army, which is almost barefoot.

NEWSPAPER CORRESPONDENTS CAPTURED.

Two *Herald* correspondents, Hart and Hendricks, were gobbled yesterday near Meade's headquarters by Mosby's guerrillas.

DISPATCHES TO THE ASSOCIATED PRESS.

FURLOUGHS TO SOLDIERS.

Washington, Sunday, Nov. 1.

For the last three days an unusually large number of soldiers have secured furloughs for fifteen days, and have been leaving the city in extra as well as regular trains for their homes, particularly for New-York. One of the railroad agencies has been for several days and nights, and still is open to furnish tickets to the travelers, including convalescents from the hospitals.

THE ARMY OF THE POTOMAC.

No movements worthy of notice have taken place in the Army of the Potomac for several days. Cars now run from Washington to the Three Mile Station, on the Warrenton branch, and the road will very soon be open to Bealeton Station. No interruption intervening, sutlers have received permission to reopen trade with the army to a limited extent by railroad.

ARMY OF THE POTOMAC.

The Position of the Army—The Railroad.

Headquarters Army of the Potomac, Virginia, Friday, Oct. 30, 1863.

On the railroad the rebel advance pickets are near Bealton, while on our right we hold, with a suitable force, Sulphur Springs; our lines are advanced some every day—but slowly and cautiously. As usual, the enemy is tied to certain limits, and until the railroad has been rebuilt it cannot advance much further. This work accomplished, it can move on again until Lee makes another flank movement. What a pity it is that the Army of the Potomac could not be relieved from the defence of Washington for a few weeks. In two weeks' time, were such the case, the nation could boast of having the care of two capitals, instead of one as now.

There is no truth whatever in the report that the enemy have destroyed the railroad south of the Rappahannock. Their supply trains run regularly every day to the Rappahannock Station. It will undoubtedly be their policy to destroy the road as we advance—as to *delay* seems to be their present strategy.

THE FIGHT NEAR CHATTANOOGA.

Official Report from Gen. Thomas.

Washington, Sunday, Nov. 1.

The following was received this morning at the headquarters of the army:

Chattanooga, Tenn., Oct. 29, 1863.

Maj.-Gen. H. W. Halleck, General-in-Chief:

In the fight of last night the enemy attacked Gen. Geary's division, posted at Wauhatchie, on three sides, and broke his camp at one point; but was driven back in a most gallant style by part of his force, the remainder being held in reserve. Howard, while marching to Geary's relief, was attacked in the flank, the enemy occupying in force two commanding hills on the left of the road. He immediately threw forward two of his regiments and took both at the point of the bayonet, driving the enemy from his breastworks and across Lookout Creek. In this brilliant success over their old adversary, the conduct of the officers and men of the Eleventh and Twelfth corps is entitled to the highest praise.

GEORGE H. THOMAS, Major-General.

FROM THE SOUTHWEST.

Arrival of Cotton—Shelling of a Steamer—Death of Charles R. Ellet.

Cairo, Saturday, Oct. 31.

The steamer *Liberty*, from Memphis, and the *Crescent City*, from White River, have arrived, bringing 1,980 bales of Cotton.

On her way up the *Crescent City* was fired into by guerrillas, while wooding-up at the head of Island No. 21. No one was injured.

The Memphis *Bulletin* of the 29th says the steamer *Cheek* was fired into with shell by guerrillas at Clark's Bar, and an exploding shell set her on fire; but the fire was extinguished.

The guerrilla Newcomb, with 150 men, was again conscripting in Fayette County.

Charles R. Ellet, commanding the Mississippi Marine Brigade, died suddenly on the 29th, at Bunker Hill, Illinois.

Great Sale of Five-Twenties.

Philadelphia, Sunday, Nov. 1.

The Subscription Agent reports the sale of $16,500,000 five-twenties on Saturday, making over $36,000,000 for the week. Some delay may be experienced in the delivery of large subscriptions, but it is the intention, as far as possible, to deliver on subscription all amounts under $3,000. The public will bear in mind that less than $150,000,000 of these bonds remain unsold, and that foreign competition is very heavy. The loan will probably all be taken before the 1st of December, and there is no obligation on the part of the Treasury to retain it for public bidding. The last hundred millions will therefore be taken by capitalists, Trust Companies and banks, for investment, and it is the wish of the Subscription Agent to avoid any favoritism to combinations by giving people timely notice of the contingencies of the loan being consumed, and summarily placed beyond their reach, except at a premium.

Extension of Furloughs to N. Y. Soldiers

THE WAR IN TENNESSEE.

Our Forces Retired from Loudon—Defeat and Dispersion of Guerrillas.

Knoxville, Friday, Oct. 30, Via Louisville, Sunday, Nov. 1.

Our forces which occupied Loudon have retreated to the north side of the river, and now occupy the heights commanding Loudon. The other dispositions of our troops *remain* unchanged.

Nashville, Saturday, Oct. 31, Via Louisville, Sunday, Nov. 1.

Lieut.-Col. Shirley, of the First Middle Tennessee Infantry, attacked Hawkins and other guerrilla chiefs near Piney Factory, and routed and pursued them to Centreville, where Hawkins made another stand, attacking the Federals while they were crossing the river. Hawkins was again routed and pursued until his force was dispersed with the loss of 66 prisoners, including Griffith, formerly editor of the Nashville *Union and American* newspaper. Our loss was trifling.

EXTRAORDINARY DEVELOPMENT.

Plot to Overthrow the State Government of Ohio Discovered, &c.

Cincinnati, Sunday, Nov. 1.

An extraordinary case of treason has recently come to light, implicating several persons in this city, Columbus, Covington, and Newport, in conspiring to release the rebel prisoners at Camp Chase, and overthrow the State Government. The conspiracy was brought to light by United States detectives, who were supposed by the parties implicated to be spies from the rebel army, and were treated with full confidence.

The plot, as disclosed to the detectives, was that an attack was to be made on Camp Chase; release the rebel prisoners confined there, numbering 3,500; seize the arsenal at Columbia; take possession of the Penitentiary; release John Morgan and the other officers confined there, and then was to commence a rebel raid in Ohio.

United States Marshal Sands and Provost-Martial M. J. Reany, arrested the following persons implicated in the plot: Charles W. H. Cathcart, of Columbus, formerly School Commissioner of Ohio; J. D. Crensop, of Columbus, formerly sutler in the Eighteenth regulars—who were to lead the attack on Camp Chase; James D. Patton, of Covington, a regular agent of the rebel Government, who furnished money to detectives under the impression that they were spies, and according to agreement were to meet Cathcart and the others at Camp Chase, and assist in maturing the plan to attack; Ruth McDonald, of Covington, who acted as mail carrier through the rebel lines, whose house was the headquarters of the rebels; Samuel P. Thomas, merchant tailor of Cincinnati, and his wife, and Catharine Parmenter, of Cincinnati. Information has been obtained that the organization exists in Illinois waiting for the outbreak in Ohio. Other particulars are known to the authorities, but have not yet been made public.

THE SANTO DOMINGO REBELLION.

Full Details of the Insurrection—The Burning and Sacking of Puerto Plata.

The brig *Santiago*, from Port-au-Platte, Oct. 6, *via* Grand Turk, arrived to-day. She carried 100 refugees from Port-au-Platte to Grand Turk. The Hamburg and Bremen Consuls at Port-au-Platte were passengers to this port. Reliable news by this arrival confirms the previous reports that after the destruction of the town of Santiago de Caballeros, the Spanish garrison, with 2,000 reinforcements, retreated to Port-au-Platte.

The insurgents so harrassed their march as to cause a loss to the Spaniards of 1,000 to 1,200 killed and wounded. Fresh arrivals of troops reinforced them to 4,000 men, yet even these were confined to the town by the efforts of not over 1,000 insurgents, the Spaniards not making a single attempt to drive off their assailants. This continued till Oct. 2, when the Spanish troops retired to the fort, and the town was given up to pillage. Part of the Spanish embarked for San Domingo, reducing the garrison to 1,500.

On the 4th the Spaniards again pillaged the town, and the Dominicans tried their hand at the same game. Nearly all the houses and stores were plundered, and such contents as could not be removed were destroyed. Six hundred Spaniards then rallied from the fort, and after a severe fight, drove the Dominicans from the town. The Spaniards were assisted by the guns of the fort, which set fire to the town.

The fire continued until the departure of the *Santiago*, destroying, amongst others, the valuable stores of a considerable body of foreign merchants. In fact, the whole town, except the Wesleyan Mission House, and a few small buildings, was burned; and it was believed that the remainder of the town would be destroyed. The losses by the two fires, at Santiago and Porto Plata, reach $5,000,000.

The whole population of the latter had fled to foreign countries, and thousands had gone to the neighboring islands, some of the principal merchants leaving for the United States. The United States Commercial Agent was among those who left, none of whom saved ought but their lives. Among the people who were killed by the Spanish troops was John Cooper, an American.

Another account from Turks Island says that in the battle the Spaniards were terribly beaten and driven back to the fort with the loss of 450 men. A brisk fire from the fort compelled the Dominicans to leave the town. The Government house and the American and British consulates were destroyed.

The Spanish soldiers were seen going about with firebrands in their hands while the fight was progressing.

Report said the Spaniards would soon evacuate the fort, as they cannot retain it against the Dominicans, who number 4,000 men in the neighborhood.

Report says that the whole south side of the Island is in actual rebellion, and the Dominicans who are reported to have joined Santana had deserted him.

The American, British and other Consuls had arrived at Grand Turk.

THE FRENCH IN MEXICO.

Farewell Address of Gen. Forey—The Ultimate Policy of Napoleon Foreshadowed.

We have received a copy of the Vera Cruz *Del Comercio* of the 17th of October, from which we translate the following important address of Gen. Forey:

PROCLAMATION OF MARSHAL FOREY.

Mexicans: I have terminated the great mission which the French Emperor intrusted to me; and I am now about to leave for France.

I can assure you that no alteration has been made in the policy of the French Emperor to this day.

In departing from you, I leave you with a General in whom you may have full confidence.

To form a new Constitution, that all might be happy under it, was the object of the mission; but the Emperor's intentions were not fully realized, because they are not sufficiently known.

In leaving Mexico, I hope my departure will be the means of opening the eyes of the blind (or refractory) among you, and that the false patriots in your midst will be discovered in the ruin they seek for their country. Then the true Mexican will find out there are but few false Mexicans; and that there are not many who treat with contempt or disregard the existing Government. Then the true Mexican will be astonished to see the little number of mock patriots, and their proximity to the mire in which they are rapidly falling.

Be assured that God, whose Providence protects the French arms, will not allow the fratricide of the nation.

Adieu, Mexicans! I leave with full confidence in the welfare of your country. You may be proud, and you may thank Providence that your happiness has been consigned to the French Emperor. In leaving, I can say you will not regret placing your happiness in his hands.

FOREY.

Mexico, Sept. 30, 1863.

WAR GAZETTE.

[OFFICIAL.]

Washington, Nov. 1.

To Col. Robert Nugent, A. A. P. M. G., New-York:

The representation made by Dean Richmond and Peter Cagger, in a printed circular, dated Oct. 27, 1863, in respect to the action of the Provost-Marshal General, are untrue. It is not true that the State of New-York is charged as with deficiency for every citizen who has paid the three hundred dollars commutation money, receiving no credit therefor. On the contrary, the State receives the same credit for a man who has paid commutation as if the drafted citizen had gone in person or forwarded a substitute, and in like manner towns which have raised the money to pay their quotas receive the same credit as if actual substitutes had been furnished, and the President has ordered, that every citizen who has paid the three hundred dollars commutation shall receive the same credit therefor as if he had furnished a substitute, and is exonerated from military service for the time for which he was drafted, to wit: for three years.

As the misrepresentations of Dean Richmond and Peter Cagger have been published and circulated for electioneering purposes, it is proper that you give them immediate correction.

JAMES B. FRY, Prov.-Mar.-Gen.

The above is a sufficient reply to the circular which follows.

A Fraudulent Circular from the Democratic State Central Committee.

The following ingeniously fraudulent circular is being extensively circulated:

Democratic State Committee Room, Brandreth House, New-York, Oct. 27, 1863.

Dear Sir: After a careful and very thorough canvass of every Election District, we have now the satisfaction of announcing to you, that we claim with confidence the success of the Democratic ticket, and the triumph of Constitutional Union principles in the Empire State. Flushed with victories elsewhere, won by undisguised corruption, the Republicans have poured into New York their political forces, and have sought, by insolent boasting and a free use of money, to override and crush out the Democratic majority in the State. They cannot succeed. The Democracy of New-York is neither to be intimidated nor bought. The Conservative men of the State know that the issue is between the destruction and the restoration of the Union, and no consideration can swerve them from their duty.

We tell you boldly and confidently that the State is secure for the Democratic ticket. But it requires work—faithful and earnest work—in every Election District. If you are overshadowed in your locality by Republicans, do not think your vote immaterial. It is needed to swell the aggregate of the State, even if it is the only Democratic ballot cast at your poll. If you are in a strongly Democratic District, do not imagine, because your local candidates are safe, that your one vote will not be missed. Remember that we want it for the State ticket, and that your country needs it for her salvation.

The voters of the State must see that their personal rights can only be preserved by a firm adherence to Democratic principles. The burdens of mal-administration press heavily and unduly upon them. A proclamation issued this day by the Provost-Marshal-General, makes the startling announcement that the quota of New-York under the last call for troops, will be fixed at One Hundred and Eight Thousand and Thirty-five! He claims the State still owes *Forty-seven Thousand, Six Hundred and Fifty-seven men under the draft just completed!*

It will thus be seen that the State is charged, as with a deficiency, for every citizen who has paid the three hundred dollars commutation—receiving no credit whatever therefor. It is held that the payment of this sum only releases the conscript for the time being, and that the State still owes the Government a man.

Every citizen who has paid his three hundred dollars commutation is thus liable to be immediately again drafted, and towns that have but just raised the money to pay for their quotas, will have again to be subject to a similar taxation, or suffer the operation of the new conscription.

To free us from these evils, we must, by our votes at the polls, bring wisdom into our National councils and vigor into the administration of the Government. To this end we must labor for the election of honest and efficient public officers.

Do not suffer yourself to be discouraged or influenced by any stories that may be put afloat. The State has been closely canvassed—the sentiments of the people are known—the City of New York is true to the State ticket, and will give it an overwhelming majority; and if you will only do *your* duty, resolutely and faithfully in your district, the success of our candidates and the triumph of our principles are secure.

Let all your friends and neighbors know, that if they will give us a full vote at home, we will insure them a Democratic victory in the Empire State.

For the Democratic State Central Committe,
DEAN RICHMOND, Chairman.
Peter Cagger, Secretary.

The Steam Sloop-of-War Hartford.—While many of our steamships of war are being severely criticised for inefficiency, more especially on account of the miserable failures of their expensive engines, it is pleasant to notice those that "have done the State some service."

The steam sloop-of-war *Hartford*, which was (and possibly may be again,) for a long time the flagship of Admiral Farragut, is a fair specimen of that class of vessels which were built for service.

The *Hartford* is now being repaired at the Navy-yard and is nearly ready for sea. She was built in Boston in 1859, is 2,000 tons burden, carries a battery of 24 nine-inch guns, one 62-pounder Sawyer, two 34-pounder rifled Parrott, and two 24-pounder howitzers "in the tops." When last in service her officers and crew numbered over 400 men.

The first cruise of the *Hartford* was in the China seas. Upon the breaking out of the rebellion she returned to Philadelphia, where she was refitted, and sailed on the 19th of January, 1862, (six weeks after her arrival from the East Indies,) to join the Western Gulf Blockading Squadron. Since that time the operations of this vessel have been chiefly confined to the Mississippi River. The active part taken by the *Hartford* in the stirring events which transpired on those waters during a period extending over eighteen months, is a matter of history too familiar to all to require mention. Notwithstanding the severe cannonading the vessel was subjected to in eight different engagements, having been hit in hull, spars and rigging, more than one hundred and fifty times by the enemy's shot; her collisions with sunken rafts, snags and fire-boats,—she has never been out of order, or broken down, from the time of her entering the Mississippi River to the day she last reported at the Navy-yard. In brief, during a cruise scarcely without a parallel, the *Hartford* performed promptly all evolutions required of her without costing the Government one cent for repairs. This cannot be said of any ship now in commission. The escape of this wonderfully fortunate vessel from accident was not entirely a matter of chance. Her machinery is all below the water-line, and the peculiar construction of her bomb-proof boiler deck has, in all probability, many times saved her from destruction. The good qualities shown in the *Hartford* are worthy of the attention of Government and shipbuilders generally.

Fatal Accident to a Soldier.—Coroner Ranney yesterday held an inquest on the body of a soldier, aged about 35 years, named George Foster, who was found on the pavement early on Saturday morning, in front of house No. 179 East Twenty-second-street. The deceased belonged to the Army of the Potomac, and had just arrived in this City on a furlough of thirty days. He stopped with his sister at the above number, and during Friday night occupied a room on the fourth floor. Whether he accidentally fell or jumped from the window of that floor is not known. He was alive when found on the pavement in the morning, but died soon after being taken to the hospital. The deceased has left a wife and two children.

Charge with Attempting to Kill.—Michael Flynn, a young man 22 years of age, was arrested late on Saturday night, on the complaint of Andrew C. Clarke, of No. 169 West Twenty-ninth-street, who alleges that Flynn, with intent to kill him, threw a glass tumbler in his face, and afterward struck him several blows on different parts of his body. Clarke is in a very dangerous condition from the effects of the beating. The latter keeps a porter-house at the above number. At the time of the affray Flynn broke a mirror valued at $13, belonging to Clarke. Justice Quackenbush committed the accused for examination in default of bail.

The Late Rev. Dr. Floy.—A sermon in memory of the late Rev. Dr. Floy, a prominent minister of the M. E. Church, was preached last evening in the Hanson-place Church by the Pastor, Rev. G. W. Woodruff. There was a large attendance.

Died of His Injuries.—Coroner Barrett on Saturday held an inquest on the body of Patrick ——, at No. 127 North Fifth-street, Brooklyn, E. D., who fell from a five-story building in Rodney-street. Verdict accidental death.

THE POLITICAL CAMPAIGN.

A Suggestion to the Loyal.

In view of the importance of the election to-morrow, there should be a general suspension of business by loyal men, so that they and their employes can vote. Close up the stores and offices, say at 12 M. This would give thousands of votes and hundreds of active workers to the cause. Is not the suggestion, in view of the importance of the election, worth heeding?

About the County Nominations.

Isaac Dayton, Esq., of the Sixteenth Ward, is the Union nominee for Surrogate. He is a lawyer of ability; has written a valuable and standard work on the powers, duties, &c., of Surrogates, and is eminently qualified for the position of one. When Alderman, he was an active, hard-working official, and acted on all matters with the single view to the public interests. He is uncompromisingly a Union man, sound on all the great questions of the day. Mr. Dayton has also received the nomination of the Independent Unionists.

Hon. Gideon J. Tucker, the present Surrogate, has the renomination from Mozart and Tammany; has received the Constitutional Unionists' nomination, and is even indorsed by the McKeonites; he thus comes up thrice backed. Some of these indorsements were considered at the time rather marvelous. Of him it may be said:

Thou hast it now, King, Cawdor, Glamis, all,
As the weird women* promised; and, I fear,
Thou play'dst most foully for't.

But whether he did or not, he has, in the matter of his judgeship, made an upright and very able officer, been indefatigable in the discharge of his duties, and won respect for legal knowledge and judicial capacity. He is the youngest man on the Bench in this City, and as he grows an older it is to be hoped that he will grow, politically, a better and a wiser man.

Hon. John T. Hoffman, as a matter of course, has received the nomination of "everybody" for the Recordership, a position which he has filled with so much honor to himself, credit to the City, and terror to lawlessness and crime.

For Register are the excellent nominations of John Keyser on the Union ticket, and John McCool on the Democratic. Reference was made to these gentlemen on Saturday. They are nominees creditable to the parties naming them, and, under the control of either, the duties of the office would be honestly and ably performed.

For Supervisor, Henry Smith, late Alderman of the First Ward, is nominated by the Union party, and is indorsed by the Representative Democracy. He is a man of much personal popularity; his experience as Alderman, and his personal interests well fit him for the position. He should receive a cordial support from all men interested in careful and judicious local legislation.

Walter Roche, who keeps a liquor-store at Centre and Pearl, is the nominee for Supervisor of Mozart and Tammany; he is at present Supervisor, and has discharged his duty without any complaint as to his faithfulness. Mr. Roche is a man of considerable influence. He has an active opponent in Frederick Repper, nominated by the McKeonites. The latter, it is expected, will draw largely from the Germans, but then there is Andreas Willman, the Independent Union nominee, whose claims upon them are equally strong. The best way to settle the little muddle about Supervisor is to elect Henry Smith.

Seventh Senatorial District.

Mr. Cornelius A. Runkle, a talented young lawyer, is the Union candidate for the State Senate in the up-town or Seventh Senatorial District. His opponents are Ward, Copperhead, and Fields, the leader of the Legislative rioters in Albany last Winter. Mr. Runkle has the nomination of the Union party as well as of the People's Union. He is not, as one of the Sunday papers says, put up to be knocked down, nor is he put up to aid in the election of any other candidate. He was nominated to be elected, and at present there seems a very excellent prospect of his success. If the residents of the district desire to be fairly, patriotically and honorably represented, they should cast their ballots for Mr. Runkle. It would be an infamy, after Fields' conduct in the Assembly last Winter, to send such a man again to Albany. The disgrace that he brought upon the State of New-York was such as can never be obliterated, and will not be forgotten for a century. We trust that all Union men, and all patriotic men in the Seventh District, will make an earnest effort to elect Mr. Runkle, and, if they do, there is no doubt they will be successful.

John C. Perry.

To the Editor of the New-York Times:

As the day of election draws nigh the contest between the respective candidates for Assembly in the Fifth Assembly District, Kings County, becomes more exciting than ever.

To show, however, the interest which the friends of the Government feel in the election of John C. Perry, the regular Union candidate, I would ask you to publish the following preamble and resolution, which were unanimously adopted by the Union General Committee of Kings County, on the evening of the 31st ult.

"*Whereas*, John C. Perry has received the unanimous nomination of the Union Convention of the Fifth Assembly District, composed of the Ninth, Eleventh and Twentieth Wards, therefore,

"*Resolved*, That this Union General Committee of Kings County emphatically indorse the nomination of Mr. Perry, and call upon all Union men of the District to sustain him at the coming election, and not to hazard their votes for any other candidate.

The Second Judicial District.—The *World* has indulged in a strain of extravagant eulogy of Mr. Barnard, its up-river candidate for an office in which Brooklyn is the locality chiefly interested. We do not wish to disparage that gentleman. He has had a respectable country practice, chiefly in the Justices' and County Courts, in the class of small causes which make up the bulk of customary litigation. In this business, and in the cases in which he has occasionally appeared in the Supreme Court, he has shown intelligence and acquitted himself with credit. On the other hand, the opposing Union candidate, Mr. Jenks, has chiefly been concerned in heavy commercial causes and causes of corporations, or involving large estates, which occupy so large a space in the litigation of our chief cities. These cases demand ampler learning, and employ the very highest professional talents. Mr. Jenks has been eagerly sought for the conduct of this heavy business, and out of the City of New-York, probably no man, between Montauk Point and the State Capital, has received so many and such heavy retainers. He possesses extraordinary powers as an advocate, and the learning and experience which give these powers the highest practical efficiency. The Judges of the Second District regard him as the ablest lawyer of his age in the district, and as hardly second to any man in it of any age and experience. And in that high style and tone of manhood which are the best securities for a distinguished public career, no man can be placed before this accomplished lawyer. If elected, it is very certain he will hold office of the people, and for the people, and not for a party, or for a combination who think it necessary to their ends to buy and own judges. It is well for the *World* to be grateful to Judge Barnard, the brother of the other nominee; but it is not well that this gratitude should be shown at the expense of the public interests.

Election Fraud.—A fraudulent scheme to cheat the Union men of the Second Senatorial District, Brooklyn, has just been discovered. A facsimile of the regular Union State ticket, complete in type, size and also in its folding, excepting that the name of the opposition candidate, Samuel E. Johnson, is substituted for that of the Union candidate, Demas Strong, has been prepared to the extent of 30,000, and the scheme was to exchange them for the genuine ticket before the distribution to the several Wards. Let every ticket be carefully examined before voting, as many of these spurious tickets will be about.

First Assembly District—Col. B. F. Weymouth.—This gallant soldier has received a unanimous nomination in the First District for Assemblyman. He is sound and reliable on all issues, State and National, and with half the enthusiasm at the polls with which his name was received in the Convention, his success is certain. He will make a discreet and intelligent legislator. The true men of the First should see to it that he is elected on Tuesday.

Ninth Assembly District.—The Union men of the Ninth District have made an unusually excellent nomination for Assembly; Samuel C. Reed, whose name is on their banner, is a lawyer, a young man of fine intelligence and high character; he is "Union" first, last and always. He will make an earnest, honest, valuable legislator. A nomination conceded to be an excellent one, and most creditable to the district, will bring out the entire Union vote, and draw largely from the thinking portion of the opposition.

Seventeenth Assembly District.—John M. Reed, Esq., is the Union candidate in Yorkville. He has two Democratic opponents. If the Union men in the District do their duty, neither Mr. Genet or Mr. Ingraham will go the Assembly.

The Canvass in Westchester County.

To the Editor of the New-York Daily Times:

The approaching election in Westchester is understood to involve some local questions of special interest to the tax-payers of the county.

The defalcation of the late Treasurer, known as the "Willett swindle," which extended through several years, is still an unsolved mystery, which it is hoped Mr. Whiting, if elected Treasurer and properly assisted, will succeed in solving.

A statement is made by Mr. William A. Hall, of Yonkers, bearing upon the matter as follows:

In March, 1860, Mr. Hall discovered during the negotiation of a loan by some friends of Willett, that the Treasurer was a defaulter; and he immediately communicated the facts to Judge William H. Robertson, with a view to such official action on the part of the Judge, with the sureties, the Supervisors or the Grand Jury, as might be necessary, to protect the rights and honor of the county—and the Judge, who expressed no surprise at the announcement, promised to give the matter his attention. At this time, as it would seem from the subsequent report of the Supervisors, the deficit was about $50,000.

Notwithstanding the communication of Mr. Hall, the Treasurer was left undisturbed, until his defalcation amounted to some $80,000 more; the present deficit being upward of $130,000.

The flight, banishment or concealment of Mr. Willett, which is supposed to have been induced by his confederates of both parties, has thus far baffled discovery as to the persons generally who concealed his guilt and shared the plunder.

It is intimated that his sureties, if not released by the circumstances under which the swindle was perpetrated and continued, are to be relieved by an act of the Legislature, through the efforts of candidates now before the people, so as to throw the whole burden upon the tax-payers a second time, and that money is being expended freely to accomplish their election.

Another matter that equally concerns the pockets of the farmers is the new Harlem bridge, inaugurated several years ago, under the auspices of Judge Robertson and Fernando Wood as Joint Commissioners. There has been a growing uneasiness in the county as to the extent to which their citizens are to be victimized for this bridge, which but a small proportion of them will ever cross, and occasional rumors of extravagant contracts and corrupt jobbery for the benefit of "the ring" have created a natural alarm as to the dimensions of the impending debt, especially as commissions of three dollars per day are not favorable to its speedy completion. Upon both these matters, the anxiety of tax-payers, who have contributed freely for the soldiers, has not been diminished by their being left so much in the dark, or by the thought that their hard earnings are being wasted on contractors and politicians.

These local questions happily will not affect the grand issue to be tried on Tuesday next, as the other candidate for Judge, Mr. Coffin, of Peekskill, is a staunch War Democrat, of high character, and as such will receive the support of leading Republicans throughout the county.

Mr. Coffin, unlike his opponent, has never factiously and indecently reviled the Administration, nor offended respectable citizens of all parties by declaring that "he would vote for a nigger sooner than for Lincoln."

The Original Copy of the Emancipation Proclamation.

LETTER FROM MR. LINCOLN.

The following is a copy of the President's letter to the Sanitary Commission Fair at Chicago:

Executive Mansion, Washington, Oct. 26, 1863.

Ladies, having in charge the Northwestern Fair for the Sanitary Commission, Chicago, Ill.:

According to the request made in your behalf, the original draft of the Emancipation Proclamation is herewith inclosed. The formal words at the top and the conclusion, except the signature, you perceive, are not in my handwriting. They were written at the State Department. The printed part was cut from the preliminary Proclamation and pasted on merely to save writing.

I had some desire to retain the paper, but if it shall contribute to the relief or comfort of the soldiers, that will be better. Your obedient servant,

A. LINCOLN.

The Proclamation and letter are to be purchased for the Historical Society of Chicago—a subscription to be opened for that purpose, and any and all giving what they please. This record to be preserved with the Proclamation and letter.

Brook Trout.

No. 139 Maiden Lane, Friday, Oct. 30, 1863.

To the Editor of the New-York Times:

I was excessively amused and a little surprised on reading in your paper of yesterday, a communication signed "L. M. D.," intended no doubt to be a severe reflection upon my recent exploit of taking large brook trout.

Now to show how plain a tale is required to put the tyro down, I submit to amateurs and sportsmen the following facts:—The gentleman who holds up his hands in holy horror, against the practice of taking Trout in October, be it known *fished from the middle of September up to October 1st, in the same waters where we took the large Trout from the 5th to the 13th of the present month*, but without taking a single fish weighing over two and one-half pounds. Hence his jealousy. This jealous disciple of old Ike Walton, could not "cover his tracks" by dating his communication at Washington, or by reference to the laws of the State of New-York, on the subject of Trout-fishing.

These really magnificent fish were not taken in the State of New-York, as many believe, it being a question still in doubt whether they attain such an incredible size in this State. They were captured in a section of the country, where from many years' study of the habits of these Trout, it is fully authenticated by reliable gentlemen that they finish spawning by the 30th of September, and as my success demonstrates, take the fly in October, "L. M. D." to the contrary, notwithstanding. This consistent (?) self-appointed protector of the "monarchs of the stream," frankly admits the well-known fact that they could not be induced to take the fly in September, therefore it is fair to presume that his trifling catch was owing to the use of bait—although in another paragraph he darkly hints at angling with a club.

These Trout, which have evidently caused so much jealousy among would-be sportsmen, were taken in the wilderness of the State of Maine. In some parts of that State, Trout spawn in September, in other localities in October, and yet in other places in November—a fact well known to all scientific anglers, such Dr. Bethune, Prof. in Harvard, Dr. Ware of Fitchburg, Mass., Genio C. Scott, Esq., of this City, and Jas. G. Rich, Esq., of Maine; the latter gentleman having contributed more than any other person in that State—as Prof. Agassiz will testify—toward the enlightenment of the inquiring mind on this topic; these gentlemen, with many others whom we could name, having enjoyed October Trout fishing.

GEO. S. PAGE.

[Our correspondent is mistaken concerning the origin and authorship of the communication to which he replies. It was not only *dated* at Washington, but was written and mailed to us from there, by a gentleman there resident.—Ed. Times.]

From San Francisco.

San Francisco, Saturday, Oct. 31.

There has been little business doing from first hands during the week. The jobbing trade is satisfactory. Hardware stock are running low, and assortments are much broken. Wholesale druggists are doing a large business with the interior. Castile Soap has advanced 20c. Crushed Sugar 18c. Drills 21c. Traganer & Ascenbaar, wholesale grocers in California-street, were attached for about $75,000. Aside from this small failure, the condition of business is considered very healthy.

Leading mining stocks continue to decline as Winter approaches. Ophir is about $1,500 per foot; Gould & Curry, $4,500.

MESSAGE FROM HIS HONOR THE MAYOR.

A message was received from His Honor the Mayor, returning unapproved resolution to pay the World newspaper three hundred and eighty-three dollars and seventy-five cents, for advertising Assessors' notices, as follows:

MAYOR'S OFFICE,
NEW-YORK, Oct. 27, 1863.

To the Honorable the Board of Councilmen:

GENTLEMEN: I return without approval your resolution directing the Comptroller to draw his warrant in favor of the publishers of the New-York World for the sum of three hundred and eighty-three dollars and seventy-five cents, being the aggregate amount of certain bills for advertising Assessors' notices at various dates, from May fourteen, one thousand eight hundred and sixty-two, to January twenty-nine, one thousand eight hundred and sixty three.

From the report of your Committee, it appears that this newspaper was authorized by resolution of the Common Council to publish the official proceedings of that body, but that this did not include the advertising of the several departments, unless specially authorized by them. The bills in question are for publishing proceedings and notices of the Board of Assessors, which the conductors of this newspaper inserted without such authority. It is, therefore, evident that the case comes directly within the prohibition of the forty-sixth section of the City Charter, which provides that "no additional allowance, beyond the legal claim, under any contract with the Corporation, or for any services on its account, or in its employment, shall ever be allowed."

Apart, however, from this legal objection, it is obvious that to pay so large a bill as this for unauthorized advertising, would form a precedent which could not fail to result in great loss to the City.

GEORGE OPDYKE, Mayor.

Which was received, directed to be entered at length in the Minutes, laid on the table for ten days, and published in one or more papers, under the direction of the Clerk.

REPORTS.

From the Committee on Belgian Pavement of the Board of Councilmen, with resolution that West Twenty-second-street, between Fifth and Sixth avenues, be paved with Belgian pavement, under the direction of the Croton Aqueduct Department, one-half the expense to be paid by the City and the remaining half by the property owners.

Which was laid over.

The Committee on Fire Department, that the Street Commissioner be and he is hereby directed to advertise for proposals and contract for building an extension of twenty-five feet on the rear, and to carry the same to the full height of their present house, and to fit up the cellar of house of Engine (steamer) Company number Fifty-four.

Which was laid over.

The Committee on Assessments, that the Comptroller be and he is hereby authorized and directed to draw his warrant in favor of J. C. K. Milligan, Pastor of the First Presbyterian Church, in Sullivan-street, for the sum of one hundred dollars and seventy-two cents, to be applied in payment of assessment on the property of the said church for the work of building a sewer in Sullivan-street, from Spring to near Prince-street, and that the amount be charged by the Comptroller to the account of Donations.

NEWS OF THE DAY.

THE REBELLION.

Our special correspondent at Washington says that Maj.-Gen. BUTLER has at last been assigned to active service. He is ordered to relieve Maj.-Gen. FOSTER of the command of the Department of Virginia and North Carolina, and will at once enter upon the duties.

The arrival from New-Orleans of the steamship *George Washington* puts us in possession of interesting information concerning the troops under Gen. BANKS, who are moving through Western Louisiana, as is supposed, with the ultimate object of redeeming Texas from the rebels. The Nineteenth army corps, under Gen. FRANKLIN, had pressed forward to Opelousas, gaining that place on the 22d of October, without meeting a great deal of resistance, notwithstanding the fact that the enemy in large force of infantry, cavalry, and artillery attempted to make a stand about five miles from the town. Carrying out the policy, however, which has actuated them in all their movements so far during the campaign, they quickly retreated before our advance, and are reported to have gone to Alexandria. The headquarters of the Thirteenth (Gen. WASHBURNE) army corps, are still at Vermillionville, and all the troops are in fine health and well supplied. At New-Orleans an expedition, under Gen. DANA, composed of veteran troops, was being fitted out. Its precise destination was, of course, not divulged, but the general opinion is, that it was intended for some point on the Texas coast. The enlistment of colored soldiers was going on rapidly in the city, and the Union troops had been very successful in the destruction of salt works, tanneries and other rebel property across Lake Ponchartrain in Mississippi.

Guerrillas are again audacious on the banks of the Mississippi. The steamers *Crescent City Cheek*, *Adriatic* and *City of Pekin* were all fired into on their way up to Memphis. The *Cheek* was set on fire by the explosion of a shell, but the flames were soon extinguished. The *Adriatic* had one man killed and eight wounded, but on the other boats there was nobody injured.

HAWKINS' band of guerrillas had been attacked near Piney Factory by Lieut.-Col. SHIRELY, of the First Middle Tennessee regiment, and completely routed, after two engagements. We took 66 prisoners, and our loss was comparatively trifling.

A dispatch from Knoxville informs us that our forces, which for some time have held the town of Loudon, Tenn., retired to the heights on the north side of the river, where their guns command the place.

Another of the noble family of ELLETS, who have so distinguished themselves in connection with naval operations on the Mississippi, is dead. CHAS. R. ELLET, commanding the Mississippi Marine brigade, died suddenly on Thursday last, at Bunker's Hill, Illinois.

FROM EUROPE.

Journals to the 21st inst., received yesterday by the steamship *Hecla*, bring no additional news to that published in the telegraphic summary on Friday received per steamship *City of Washington via* Cape Race.

GENERAL NEWS.

The arrival on Saturday of the Bremen brig *Santiago*, from Santo Domingo Oct. 6, gives us the only connected and authentic account of the disturbances on that island. In the various collisions between the insurgents and the Spanish troops, the advantage has been mainly on the side of the Dominicans. The towns of Santiago de los Caballeros and Puerta Plata had both been destroyed by fire.

The General Loan Agent of the Treasury reports that the entire subscriptions on Saturday to the Popular 5.20 Years Loan amounted to $16,500,000. The additional subscriptions at the Treasury direct in New-York were $2,550,000. The Loan Agent intimates that when the balance of this great loan of five hundred millions shall be reduced to about one hundred millions it may be taken by a combination of banks, bankers, &c., on a single subscription. In consequence of the enormous subscriptions on Saturday the balance is now less than $150,000,000.

Gen. ROSECRANS, having been invited to visit Springfield, wrote from Yellow Springs on the 28th: "The increasing virulence of the symptoms of temporary indisposition render it imperative that I should remain quiet for some days."

The subscriptions to the Popular Loan on Saturday, in this market, were the heaviest ever known for a single day. The amount paid into the Treasury was $6,843,450. For the week the receipts for the Loan at the New-York office were $17,660,000, and the subscriptions altogether from this City about *twenty millions*. The Railway market higher. Money active.

The rain-storm on Saturday checked business in domestic Produce and general Merchandize. Breadstuffs were quiet; Wheat, Corn and Oats declined 1c @2c. ℔ bushel. Provisions were in less demand; Pork and Lard closed heavily. Rio Coffee was in fair request. Sugars, Rice, Teas, Molasses, Metals, Naval Stores, Hides, Leather, Tobacco and Whisky were inactive. Cotton was dull and drooping. Wool, Hay, Fish, Laths and Skins were salable and buoyant. Freights were quiet and depressed, with 647 vessels of all classes in port.

THE VOTE OF THE SOLDIERS.—The Copperhead papers are complaining bitterly of the fact that convalescent and other soldiers, from New-York, are furloughed to enable them to come home and vote. They grudge the defenders of their country this dearest right of the true patriot. For two long years these gallant fellows have been enduring privation, disease, and the rage of battle, till the graves of their comrades are crowding hill-side and plain, all to save our free institutions; and yet they themselves are held up to scorn as interlopers when they seek to exercise their most sacred right under those institutions. There never was such base injustice. It is a misfortune and a wrong, that every New-York soldier in hospital, or camp, or field, has not the opportunity to give his suffrage on the great issue now before the people. But for HORATIO SEYMOUR, who vetoed the legislative act for that purpose, all would have had this opportunity. The Government at Washington is to be praised for in some measure supplying the opportunity. None but men of evil designs find fault with it.

Gov. Seymour at the Cooper Institute.

GOV. SEYMOUR has just made his third appearance as a speaker in New-York since his entrance into office. The first was at the Academy of Music, on July Fourth, when he addressed the Democracy in an elaborately prepared speech, the whole burden of which was denunciation of the Government as an insufferable tyranny, and an averment that the war, as conducted, was a dead failure. His language on that occasion seemed to be specially shaped to demoralize and depress the public mind to the greatest degree possible, and to fit it for a favorable reception of such terms of peace as LEE then in Pennsylvania, and, as was generally supposed by the Copperheads, destined to overwhelm the Federal army, might soon proffer. The fall of Vicksburgh had not been heard of, for it had taken place only five hours before; and the Governor took occasion to declare that Vicksburgh could not be taken. The news of Gettysburgh had not reached our City in any authentic shape. Every patriotic heart was harassed with anxiety. There never was so dark an hour since the rebellion began. Gov. SEYMOUR, instead of using his official and personal influence to inspire the people with constancy, and courage and cheer, seized upon the occasion to propagate distrust, despondency and despair. Considering the demands of the crisis, a more craven, faithless, vicious speech never passed human lips. Had LEE been the victor at Gettysburgh, and had the rebel flag continued to float over Vicksburgh, the consequences of that harangue of the Governor of the State of New-York would have been most mischievous, and might have been positively fatal to the National cause.

Gov. SEYMOUR'S second appearance as a speaker was ten days afterward, before the mob, which but for him would have never had an existence. The language used by him, the chief magistrate of the State, to please and satisfy that hideous herd of incendiaries and murderers will never be forgotten until the rebellion itself is forgotten. There never has been in this country, and we trust to heaven there never may be again, such a pitiful, shameful abasement of authority to the vilest elements of society—such a prostration of official purple to the very slime of the gutter.

On this third occasion, the Governor exhibits somewhat more dignity of speech and bearing than on either of the other two. The times have changed. The rebels are on the other side of the Rappahannock. The rioters are again under the pavements. Of course, the Governor now talks in a rather different key. But still, whatever the effort to hide it, the same faithless spirit pervades this effusion that made the others so abominable to every man of genuine loyalty. He has one or two *ad captandum* flourishes about "battling for the flag of our country in all its integrity," but yet the whole production is surcharged with subtlest Copperhead venom. It is studiously concocted with the express design to destroy the confidence of the people in the constituted authorities of the Government, and to foment every mean jealousy and low passion. He undertakes to stir up State resentment by asserting that more men have been required from New-York, on the draft, than from other States; but he neither proves it, nor seriously attempts to prove it. He again invidiously contrasts the Senatorial representation of New-England with that of New-York—making the extraordinary statement that at the time of the formation of the Constitution, New-York magnanimously "compromised and allowed New-England, with six times less population than New-York had, six times her voice in the governing power"—when in fact, according to the census tables of 1790, the single State of Massachusetts had a population 38,000 larger than that of New-York. He endeavors to impair public credit by arguing that the policy of the Administration prolongs the war, and that the war, if prolonged, must end in repudiation. He imputes to the President the design of breaking up State lines, and converting the whole rebel area into territorial dependencies, when in fact there is not one solitary particle of evidence that the President harbors any such purpose. On the contrary, all the evidence, both of word and act, proves that his plan is to bring back the States bodily to their old relations just as soon as they are willing to resume them. What he is doing in Tennessee and Louisiana he is prepared to do in every other rebel State just so soon as armed rebellion is put down within its borders.

The whole speech is a tissue of sophistries and misrepresentations. Coming from any other man in high official position, it would excite astonishment; but from Gov. SEYMOUR it is simply just what was expected. The harangue is in perfect keeping with his factious and seditious administration. No whole-souled, loyal man could have ever uttered the one any more than he could have been guilty of the other. Gov. SEYMOUR'S words and acts are alike abhorred by the people. If he doubts it, let him listen to what they say to-morrow.

OWNING JUDGES.—In his speech of Friday evening, he who is perhaps the foremost member of the New-York Bar, and a Democrat at that, declared with a solemn adjuration to Heaven, that "if this junction of Tammany and Mozart be consummated, there will be at least two individuals in this City each of whom *will own a Judge, body and soul.*" What must be the condition of things when such a lawyer has to protest in such language against the profanation of the sanctuaries of justice? What man, with a particle of respect for the law, can support the Judicial nominees thus pronounced the mere chattels of men who made them and mean to use them? Let every honest man vote for the honest Judges, BOSWORTH and HILTON.

The City and its Judiciary—An Appeal to American Citizens.

Mr. JAMES T. BRADY has for many years enjoyed a large practice at the Bar of this City, and has, probably, done it as much credit as any other member. He has been all his life a Democrat, and is fond of boasting himself an Irish Democrat—a class of politicians who pride themselves on their fidelity to their party, almost as much as their forefathers prided themselves on their fidelity to their clan. He has no sympathy, or if he has, he has always carefully concealed it, with "the opinions peculiar to Republicans," and was one of those who, down to the last hour, zealously supported the claim of the South to be allowed to govern the United States after its own fashion. Consequently his testimony in the matter of the existing condition of the Judiciary in this City possesses peculiar weight. In his speech at the Cooper Institute on Friday evening, he used the following language on this subject:

> "Why, gentlemen, let me tell you, as one who began the profession of the law at twenty-one years of age, such a change has occurred in the administration of justice in this City, that, when a man walks into my office with a bundle of papers, and says to me: 'Mr. BRADY, here is an injunction granted to prevent my carrying on my regular business,' and, in one of the very last cases that I tried, there was an injunction to prevent a man from continuing to act as the foreman and cutter in a merchant tailoring establishment in this City—an injunction from a Judge to prevent him from carrying on his lawful trade for the maintenance of his family. How do you think I received those papers? When I first entered the profession, I would never have asked what Judge granted it, but I would have looked at the merits of the case and tried to tell my client what I thought. But, gentlemen, the question, before even looking at one word written upon that paper, was 'What Judge granted this injunction?' Next—'What Judge is to hear this case?' And when that latter question is answered, in many cases I have handed the papers back and told my friend, 'I can be of no service to you; you must employ such a man, between whom and the Judge, or Judge's partner, friend, agent or huckster, there exists a great affection; employ him and you will have some chance to maintain your rights in a Court of Justice.' Is this any fancy picture? It is the language of the most sober and dreadful reality."

We have for several years predicted that "to this complexion we should come at last," though we honestly confess that Mr. BRADY'S confession reveals a state of things rather worse than we had anticipated. We have over and over again assured the public that it was not possible for the Judges to remain pure under our present system of appointing them, without a radical change in human nature; and as there is no immediate probability of any such change taking place, we were certain sooner or later to have such a Bench as Mr. BRADY describes. It is the fashion in all communities in which the Press is free, for the men who are battening on public abuses to raise their hands in holy horror over "the license of the newspapers;" and some of our Judges—we will not mention names—have been at times very indignant at our strictures on the system to which, and to which alone, they owe their position. As we have been all along certain that the Bar and the respectable public fully shared our convictions, we have not been in the least moved by their implications and protests. We are not at all discouraged by the knowledge that such men as MCCUNN think that the mere name of Judge ought to shield from chastisement and exposure the corrupt and time-serving demagogues who seek the office of Judge just as a trader solicits an order. On the contrary, if anything could quicken our shame and indignation, it would be the impudence with which some of our ermine politicians now-a-days claim, at our hands, the respect and consideration with which such men as KENT and STORY and LIVINGSTONE surrounded the office which is, in our time, raffled for by political hacks.

We once more present this question to the public as something higher and more serious than a question of politics. Put whom you will elsewhere, but as long as you keep the Bench pure we cannot be wholly lost. It is above all a question which affects the poor. If we allow the knaves of the City to appoint our Judges much longer, justice will at last become as much a luxury as diamonds and fast horses—as it will be sold as openly and unblushingly—and be just as much out of the reach of the majority of the public. According to Mr. BRADY, we are not very far from this point already.

SEYMOUR AND SICKLES.—Two Democratic leaders of New-York delivered speeches in this City on Saturday night—SICKLES and SEYMOUR—the former appealing from the battle-field to the patriotic heart of the nation, the other laboring painfully to defend his impeached patriotism. SEYMOUR appealed adroitly to the cowardice, meanness and prejudices of his audience. SICKLES appealed alone to love of country. He eloquently said:

> "How shall we restore the lost sovereignty of the Union? How shall we undo the foul wrong of the rebellion? There are not a few who have quailed before the magnitude of the task. Of these, thank Heaven, the President is not one. He whom the burden most bent has never faltered in heart or purpose. He is sustained, as is just, by the great mass of the nation, by the potential voice of the Press, and by the armies and fleets of the Union. Grappling with administrative questions more difficult and delicate than ever before tried the sagacity and courage of our statesmen, he has so borne himself that every loyal heart acknowledges the candor, ability and tact which signalize the character of our First Magistrate. That history will assign him a conspicuous rank among great rulers, is no longer doubtful. It is now more than ever plain that the surest way to peace is to fortify the Government with public opinion steady and staunch Our military operations must soon isolate Virginia from the remaining fragments of insurgent territory. With this consummation the rebellion falls and peace will be proclaimed. To this end the President asks for 300,000 men. Let no one be invested anywhere with civil authority who hesitates to give these men—nay, who will not go himself, if need be. The worst foe of the army, the real opponent of peace, the most recreant citizen, is he who by word or act, delays or hinders this reinforcement. ['That's so!']"

Compare this noble support of our rulers, our army and the Union with SEYMOUR'S carping criticism, snarling ill-nature, disorganizing suggestions, malignant insinuations, and empty boasts.

PROMISE AND PERFORMANCE.—Gov. SEYMOUR doubtless thought it was a very telling point for himself, and a terrible sockdologer for the Government, to open his Fourth of July speech by saying: "Fellow-citizens! When I accepted the invitation to speak at this meeting *we were promised the downfall of Vicksburgh*, the opening of the Mississippi," &c., &c. But if anybody promised him this, was the promise not kept? Aye. While the sentence was rolling from SEYMOUR'S lips, our troops were marching into Vicksburgh, and planting their banners on its ramparts, and the rebel army was marching out prisoners of war. He doubtless thought it a sharp thing to follow this opening remark by saying, that "in the moment of expected victory there came the midnight cry of help from Pennsylvania to save its despoiled fields from the invading foe." But could he at that moment have looked as far as Pennsylvania and seen the rebel army flying from its soil, and from the field of Gettysburgh, he would surely have "stood before you on that occasion," as he said he did *not*, "as one animated by expected victories," and he surely would never have delivered that infamous speech.

OUR POLITICAL VICTORIES.—The remarkable series of political triumphs which have been achieved by the Unionist party since, and including the Kentucky election in August last, is without a parallel in the history of any Administration. The Southwestern State referred to, together with the two great Western States north of the Ohio River, Ohio and Indiana, the Western State of Iowa, the Middle State of Pennsylvania, the Easternmost States of Maine and Vermont, the Westernmost State of California—all, by stupendous majorities have elected the Union candidates, and thus sustained the Administration and the war. This, remarkable to say, has occurred in the third year of the Administration, and notwithstanding its numerous mistakes and failures. It is because the people believe it is laboring faithfully and honestly for the public weal amid prodigious difficulties, and because they know that thus they are aiding in suppressing the rebellion, and restoring the Union and peace. It now remains for New-York to step into line with the noble procession of States, and like them keep step to the music of the Union.

AN ODD COINCIDENCE.—A Southern gentleman, who has recently been liberated from rebeldom by the advance of our army in Tennessee, writes us a note, in which he says that HORATIO SEYMOUR'S denunciations of the Government in his Rochester speech compare painfully with the speeches of the rebel leaders to which he has been accustomed for two years past, while shut up within the rebel lines. How strange this is, if Gov. SEYMOUR be really as true and devoted a supporter of the Government and the army in their struggle for the Union, and as unflinching an opponent of the public enemy, as he pretends in some of his late speeches.

THE PENALTY OF OPPOSITION.—"This war will annihilate any leader, or party, or institution that stands in its way," so said Gen. SICKLES in his serenade speech, and truer words were never uttered. Niagara is not a whit more resistless than the sweeping torrent of patriotism which this war has set in motion. Whatever opposes it—politician, party, slavery, or what not—will go down never to rise again. The only safe place is under the battle flag.

A PARADOX.—The Vallandighamites in New-York all go with SEYMOUR. Why does he have such "friends?" How happens it that while they, in the language of one of their chairmen at "The Great Peace Convention held in New-York on 3d of June, 1863," go for a "vigorous prosecution of peace," he goes for the opposite policy, and they go for him?

ENGLISH VS. AMERICAN.—Gov. SEYMOUR professes to be a great admirer of *English* liberty. We wish his admiration of *American* liberty was sufficiently hearty to induce him to speak a stout word or strike a manly blow against the Southern traitors, who are deluging a continent in blood for its overthrow.

THE RECEPTION OF THE FOURTEENTH REGIMENT.—The Brooklyn Fourteenth regiment, having received permission of the Government to come home for the purpose of recruiting, are expected to arrive in this city to-day.

The regiment numbers 262 men. When they left Brooklyn they numbered nearly 1,100, although several hundred have been recruited since.

They have participated in about twenty battles and skirmishes, and their ranks have been greatly reduced, not only on account of casualties but by desertions, as large numbers are in the city now who should be in the ranks.

A meeting of the military men of this city was held at the Armory, corner of Cranberry and Henry streets, yesterday afternoon. Several thousand persons were present, and the greatest anxiety was manifested. The main drill-room was thrown open, and it was soon filled, while hundreds remained on the sidewalks.

There were present Maj.-Gen. DURYEA, Brig.-Gen. CROOKE, Col. A. M. WOOD, (who commanded the regiment at the battle of Bull Run,) and other officers and members of different regiments, all anxious to do honor to the gallant Fourteenth.

Gen. CROOKE mounted a box and spoke to the assemblage. He stated that it was a settled fact that the Fourteenth would come home, but did not think they would be here to-night. He favored a reception such as they deserved, but did not feel ready to take the responsibility of ordering the brigade out, as there was a penalty for ordering a parade on the day of a general election, or five days preceding. He suggested, however, that the militia should come together by companies, and their officers would be present to organize them into regiments. Those who had no uniforms could come without, and those who did not come deserved to be kicked out of the organizations they belonged to. On the arrival of the regiment he stated fourteen strokes would be struck on the City Hall bell in quick succession, so that all could know.

It appears that Col. WOOD received a telegram from Col. FOWLER, on Monday last, stating that the regiment would be ordered home to recruit, and that he would be authorized to raise a brigade, with the rank of Brigadier-General. No time was set for their arrival, and no information has since been received, giving any indication of the time they would come. On Friday last they were still in the front.

Some 60 convalescents have arrived within the past few days. Most of these will be transferred to the Invalid corps, while the main portion of the regiment will be divided into recruiting parties, with the view of organizing a brigade.

The regiment will have a grand reception when they arrive, having now been in service since the commencement of the war.

ANOTHER INVITATION FOR THE RUSSIAN ADMIRAL.—His Excellency Gov. SMITH, of Rhode Island, has sent a Deputation composed of Hon. J. R. BARTLETT, Secretary of State, and four members of his Staff, to New-York, to invite the Russian Admiral to visit Rhode Island. The Deputation will leave the foot of Whitehall-street, near South Ferry, on the steamer *Henry Burden*, on Monday morning, at 11 o'clock.

FINANCIAL AND COMMERCIAL.

For Report of Stock Sales and General Markets See Second Page.

MONDAY, Nov. 2—A. M.

The financial feature of the week past was the large subscription to the Popular Loan of the United States. The total in this market is not short of TWENTY MILLIONS. The amount of Money actually paid on this account into the Treasury Office at New-York is $17,660,000, as follows:

Monday	$1,379,350	Thursday	$3,444,550
Tuesday	1,342,950	Friday	2,149,950
Wednesday	2,005,750	Saturday	6,843,450
Total for week			$17,660,000

The payments on Saturday were divided as follows:

On subscriptions direct at the Treasury Office	$2,555,760
By Sub-Loan Agents	4,287,700
Total	$6,843,450

The sales and subscriptions altogether on Saturday were:

At Treasury Office	$2,555,750
By Livermore, Clews & Co	3,098,300
Fisk & Hatch	2,550,000
First National Bank	500,000
Other Sub-Loan Agents	1,500,000
Total	$10,204,050

The subscriptions of the day to the Popular Loan are unprecedented in amount in this market and, no doubt, also, in the other large cities. The applicants at the Treasury Office direct were more numerous than ever before known, forming a continuous line in the building from 10 o'clock this morning until after 3 o'clock in the afternoon. The same pressure was experienced at the several Sub-Loan Agencies in Wall-street; and the subscriptions, altogether, afford one of the most gratifying as well as extraordinary manifestations of popular confidence in the credit and stability of the Government ever known at the Money centres of the country. The applicants for the Loan were of every variety of occupation and every degree of fortune.

Of course a very considerable gain is made by the Treasury Office in its general balance, although the disbursements were unusually heavy, including the payment at the close of the week of a large amount of Certificates of Deposit, on which the Secretary of the Treasury directed the notice of ten days to be waived to accommodate the takers of the Popular Loan, and the City Banks, upon whom their certified checks, payable in Legal Tender, were drawn.

The effect upon the Money Market of these large subscriptions was to keep the rate to the Brokers firm at 7 ℔ cent., and to increase the difficulty of borrowing, at call, upon other securities. On Saturday the market continued active, owing, on the one hand, to the indisposition at Bank to lend even at this outside rate until next week, and on the other to the numerous peremptory orders at the Board to buy Stocks at the going prices. These orders created much excitement at both sessions of the Exchange, and the eagerness to buy the Railways at advancing figures was in singular contrast with the reported difficulty of borrowing Money upon them at 7 ℔ cent. ℔ annum. On the Street at 4 o'clock the market was not so firm as in the Exchange Board Room, the following prices being made in comparison with Friday night:

The Land Grant Mortgage of the Mississippi and Missouri Road advanced 6@6½ ℔ cent. on the successful organization of the great Pacific Railway Company, with Gen. JOHN A. DIX as President, Gen. D. being also President and one of the founders of the Mississippi and Missouri line across the State of Iowa. The ordinary shares of the M. and M. also advanced to 42 ℔ cent.

Among the first of November changes in Wall-street, we notice the withdrawal of Mr. F. H. MCGRATH from the stock firm of Messrs. A. G. NORWOOD & Co., on account of ill health. Mr. JOHN D. PROBST, of the Stock Exchange Board, (and late with Messrs. MARIE & KANZ,) has formed a house with Mr. WILLIAM PETERS, under the style of PETERS & PROBST, No. 25 William-street.

The Import entries of the past week amount to $4,996,784, against $2,903,575 same week last season. The Export clearances of Domestic Produce amount to $4,166,179, against $5,005,026 same week in 1862. The Export of Specie is $585,000, against $351,000 same week last year. The Customs for the week are $1,437,000.

The Foreign Trade tables for the port of New-York, for nine months of the calendar year 1863, which we published a few days since, made the Import entries of Foreign Merchandise, from Jan. 1 to Sept. 30, 1863—exclusive of $1,122,000

The following is a list reported from Washington of the outstanding 5-20 Bonds, upon which the interest is to be paid on Monday:

Registered Bonds	$40,230,100
Coupon Bonds, first series	100,000,000
Coupon Bonds, second series	100,000,000
Coupon Bonds, third series, about	95,000,000
Total	$335,230,100

The amount bearing the full 1st November Coupon is reported $64,386,000. The remainder, with broken (or fractional) coupons, will scarcely average three months. Altogether, *the interest in Gold* to be paid on the Popular Loan to-day is about six millions of dollars, divided about as follows:

New-York	$4,500,000
Boston	800,000
Philadelphia	700,000
Total	$6,000,000

The requisite amount of Gold was sent from the Treasury Office here to the other cities, on Friday and Monday. The amount of Gold left in the New-York office is about $10,500,000, or six millions in excess of the present demand for interest on the Popular Loan. To-morrow the Office will pay in Gold to the Associated Banks, 2½ per cent. or six months' interest on about $35,000,000 Five Certificates of Deposits. The principal of these Certificates will after that bear the same rate of interest in Currency or will be paid off at the option of the holder. We may repeat here that the principal of the Popular 5-20 years' Loan cannot be paid off by the Government at the end of five years, *except in Gold*. The same rule is applicable to all the Funded Stocks of the United States. The 7.30 per cent. Treasury Bonds are not a Funded Stock, in their present shape, but are subject to conversion at any time before they mature in August and October, 1864, into the 6 per cent. Funded Stock of 1881, now selling in the market at 10 per cent. premium. Meanwhile the interest at the rate 7.30 per cent. per annum is paid in Gold as though such conversion had taken place. If not converted at or before maturity the principal will be paid off in Currency, the same as any other temporary loan.

We call attention to the advertisement in another place notifying that books of subscription to the capital stock of the International Fire Insurance Company will be opened at the Banking House of HOWS & MACY, No. 30 Wall-street, on this day, Nov. 2.

The half-yearly interest due the 1st November, on the Indiana 6 ℔ cent. War Loan, will be paid at the Agency of that State in this City.

The following general provision of the Railway laws of the State of New-York confers ample authority for the conversion of *all* common or Mortgage Bonds into the Capital Stock of the Company issuing them, at any time not exceeding ten years from the date of the Bond. The quotation is from the 10th division of section 27 of the act of 1850, chap. 140, to authorize the formation of Railroad Corporations, and to regulate the same:

> "From time to time to borrow such sums of money as may be necessary for completing and finishing or operating their railroad, and to issue and dispose of their bonds to any amount so borrowed, and to mortgage their corporate property and franchises to secure the payment of any debt contracted by the Company for the purposes aforesaid, and the Directors of the Company may confer on any holder of any bond issued for money borrowed as aforesaid *the right to convert the principal due or owing thereon into stock of said Company, at any time not exceeding ten years from the date of the bond, under such regulations as the Directors may see fit to adopt.*"

The time for such conversion of the First and Second mortgages of the Erie Company has expired. The time for so converting the Third mortgage is about expiring, while the mortgage itself runs to the year 1883. The Fourth mortgage was not issued until 1857–'58, nor the Fifth until 1858–'59. The order regulations for conversion is within the control of the Directors, who, looking to the best future interest of the Corporation, would certainly be justified in relieving the mortgage liens upon the property by conversion, provided the bonds could be had at the same or a lower price than the market value of the common shares, or provided the higher price and better prospects of the latter would induce the holder of the bonds, at any time before the expiration of ten years from their date, under formal leave of the Directors, to voluntarily convert them on his own account. There could be no more effective or to the stockholders, less onerous sinking process, for the large mortgage debt of their Company than the conversion of the entire fourth and fifth liens before the years 1867–69. They amount together to nearly $7,000,000. As we stated the other day none of the mortgages are *now* convertible *at the option of the holder*. But it is competent for the Directors to confer that option upon him, or they can effect the change, for account of the Company, provided the bonds are cheaper in the market than the stock.

Morton's Gold Pens are now sold at the same prices as before the commencement of the war; this is entirely owing to the Manufacturer's improvements in machinery, his present large Retail Business and Cash-in-Advance System; for, until he commenced advertising, his business was done on Credit and *strictly with the Trade.*

The Morton Gold Pens are the only ones sold at old prices, as the makers of all other gold pens charge the Premium on the Gold, Government Tax, &c.; but Morton has in no case changed his prices, Wholesale or Retail.

Of the great numbers sent by mail to all parts of the world during the past few years, not one in a thousand has failed to reach its destination in safety; showing that the Morton Gold Pen can be obtained by any one, in every part of the world, at the same price, postage only excepted.

Reader, you can have an enduring, always ready, and reliable Gold Pen, exactly adapted to your hand and style of writing, which will do your writing vastly cheaper than Steel Pens; and at the present almost universal High-Pressure Price of everything, you can have a Morton Gold Pen cheaper, in proportion to the labor spent upon it and material used, than any other Gold Pen in the World. HARLEM, July 30, 1863.

I have been deaf for over TWENTY-FIVE YEARS, and Dr. VON EISENBERG operated on both of my ears without the slightest pain—a thing that I could not believe could be done. I now *hear* well, and feel as I never felt for the last twenty years. The dexterity and skill with which the operation was performed evince the highest practical ability. I *hear perfectly.* It is now over a month since the operation, and I continue to feel as well as ever.

CATARRH CURED.

NEW-YORK, Aug. 23, 1863.

I have been suffering for the last three years from a severe Catarrh, with a continual dullness in my head, a tightness across my chest, a weight over my eyes, which were weak, watery and very painful. My nostrils were continually obstructed with a pouring of fluid. I have had frequent sneezing, hoarseness of my voice, generally attended with spitting, often with a fullness of my throat, together with a soreness and a dropping. Dr. VON EISENBERG has cured me of all these disagreeable sufferings. I now feel a new life. The treatment of Dr. VON EISENBERG is as skillful as it is successful; it is impossible to overrate the benefit I have received at his hands. I heartily recommend any one suffering like myself to place themselves under Dr. VON EISENBERG'S care, with a certainty of being *speedily* cured. I give this with gratitude and pleasure. I cannot forbear again saying that my voice, which was hoarse and thick when I applied to Dr. VON EISENBERG, is now clear and good; indeed, I feel abundantly satisfied.

JAMES LITTLE,
No. 245 7th-st., New-York.

NEW-YORK, Sept. 8.

I have been suffering for years past from a severe Catarrh, with a great heaviness over my eyes, with a severe depression, great uneasiness, and pain in my head, great difficulty in breathing, and a continual accumulation in my nostrils, which gave me restless nights for several years. I have consulted several physicians, who pronounced me to be consumptive. What I suffered for so long a time is indescribable. My system was entirely disarranged and greatly debilitated. I not only felt weak, but I had a cloud continually before my eyes, and my ears were so affected that I was threatened with a total loss of hearing. I must say, I think, I was guided by Providence to come to Dr Von Eisenberg, who not only cured me of my Catarrh by removing an astonishing quantity of disagreeable matter from my head, but he restored me to perfect health, a blessing I have not enjoyed for many years. Now I enjoy a good night's rest, and pursue my business with comfort. I must acknowledge that Dr. Von Eisenberg's mild and scientific treatment for Catarrh deserves the highest commendation, as the principle which directs his system of curing Catarrh is such as to render success certain.

JAMES FURLONG, No. 556 2d-av.

No. 134 ALLEN-ST., NEW-YORK, Feb. 9, 1863.

I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeable discharge from both ears, combined with continual rumbling noise in the head, for which I have been treated by a most eminent practitioner in the City without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is, therefore, due to Dr. Von Eisenberg to acknowledge that I am entirely cured; also, that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, in my opinion, certain.

JOHN TAYLOR.

NEW-YORK, July 19, 1862.

This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain, and rumbling noises in the head, together with other indications of a *total loss of hearing.* Dr. Von Eisenberg removed from her ears a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill.

CARROLL J. POST, No. 28 South-st.

SIGHT RESTORED.

JUNE 25, 1863.

My daughter brought me to Dr. VON EISENBERG almost completely blind in both eyes. I could not bear the pain nor the light. I am completely cured by Dr. VON EISENBERG, and called now to express my gratitude to the Doctor for his skill and unremitting attention, by which I recovered one of the most precious senses to me after being deprived of it for four years. It is only due to Dr. VON EISENBERG to state that I have tried several physicians in vain. I shall be happy to bear personal testimony to Dr. VON EISENBERG'S unrivaled success to any lady or gentleman who will call on me.

CHRONIC CATARRH CURED.
READ.

NEW-YORK, March 20, 1863.

"This is to certify, that I have suffered from very severe CHRONIC CATARRH, with a dull heaviness in the head. I felt my nose completely stopped up accompanied by continual soreness of the throat, the chills stealing over me with occasional hot flushes, a great tightness of the chest and pain, so much so, that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg, I consulted him with but little hope of a cure. I am now happy to be enabled to add my testimonial to the great number already in the Doctor's possession, as to his scientific and successful mode of treatment, as he has shown in my case that skill and knowledge which have procured for him so great a reputation. I am so entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr. Von Eisenberg with a certainty of being cured."

NEW-YORK, Oct. 31, 1863.

D. A. HULETT, ESQ., CHAIRMAN, &c.—DEAR SIR: Having been placed in the field as a Democratic candidate for State Senator from the Sixth Senatorial District by the action of the Convention of which you were Chairman, I deem it my duty to define my position in the premises. While feeling under great obligations to the gentlemen comprising the Convention, for this mark of their esteem and confidence, the imperative duty that every good man owes his country, especially at this crisis, compels me to respectfully decline the nomination, and recommend the union of all Conservative men upon the Hon. VINCENT C. KING, who is not only competent for and worthy of the position, but a candidate the embodiment of those principles that have carried the country through eighty years of prosperity to the present terrible hour. For years the Democratic party has governed the country wisely and well, and the recollections of its glory and success, the traditions of the power, prosperity, and the happiness of the Republic, are rendered still more brilliant by the contrast presented by the present deplorable state of affairs; now, therefore, let no one hazard the success and unity of the only organization that promises to restore our love, stricken and war-worn land and undivided Union, the genial blessings of peace, national power, happiness and prosperity, with one flag, one Constitution, one country, one destiny. I am, sir, with much respect, your obedient servant,

WILLIAM A. GUEST.

THERE WILL BE A PUBLIC MEETING of the citizens of the Thirteenth and Fourteenth Wards of Williamsburgh, (Brooklyn, E. D.,) on MONDAY NIGHT, Nov. 2, at 7½ o'clock, to be held at the corner of North 1st and 5th sts., there to ratify the nomination of HENRY F. LEAK, the workingmen's candidate for the Assembly for the Sixth Assembly District of Brooklyn. By order of the President of the Workingmen's Union.

FOURTEENTH ASSEMBLY DISTRICT, XVIIIth WARD.—The undersigned Committee, appointed by the XVIIIth WARD LOYAL NATIONAL LEAGUE to nominate a candidate for Assembly, have unanimously nominated

THOMAS STEVENSON,

and hereby recommend all loyal voters in said Ward to give him a hearty support, as an honest, loyal and patriotic citizen. Capt. STEVENSON has served two terms in the Board of Councilmen, where his votes were always against all schemes of public plunder. He has also proved his loyalty by taking the field as an officer of his regiment under both calls of the President; his two sons are also engaged in active service. There are not, at the present time, twelve different kinds of medicines that can be claimed as original discoveries, or that indicate a special curative power over disease, in the world. Of all the popular remedies in the United States, not six can claim originality.

RADWAY'S READY RELIEF

was the first remedy that was ever issued to the world under the assurance that it would stop the most violent pains in a few moments, and that its controlling influence over pain was superior to chloroform, morphine, opium, hyoscyamus, colchicum, and other official preparations; that it accomplished its cures without deadening the perceptive faculties, or lulling the patient to in sensibility; that the patient suffering pain was instantly relieved of pain, without disturbing the general health or faculties. This discovery was original. The history of medicine furnishes no such remedy—yes, after its success was proven, imitators set to work, and the country was flooded with a legion of imitations; some were called pain-killers, instant relief, speedy relief, &c., all of which are mere imitations of Radway's Ready Relief. If the public desire a positive remedy that will stop pain immediately after it is used, purchase Radway's Ready Relief. Price 25 cents per bottle. Sold by

"Mr. Merivale is one of the Second Great Triumvirate of English Historians."—*North American Review.*

D. APPLETON & CO.,
Nos. 443 and 445 Broadway,
PUBLISH THIS DAY,
HISTORY
of the
ROMANS UNDER THE EMPIRE,
BY
CHARLES MERIVALE, B. D.,
Late Fellow of St. John's College.
Vol. 1. Handsomely printed on tinted paper. $2.
To be completed in Seven Volumes.
CONTENTS.
Vols. I. and II. comprising the History to the Fall of Julius Cæsar.
Vol. III. to the Establishment of the Monarchy by Augustus.
Vols. IV. and V. from Augustus to Claudius, B. C. 27 to A. D. 54.
Vol. VI. from the Reign of Nero, A. D. 51, to the Fall of Jerusalem, A. D. 70.
Vol. VII. from the Destruction of Jerusalem, A. D. 70, to the Death of M. Aurelius.
This valuable work terminates at the point where the narrative of Gibbon commences, and is therefore indispensable in every library.

OPINIONS OF THE PRESS.
From the Gentleman's Magazine.

We regard it as highly creditable to modern scholarship to have produced in one generation two such works as Dr. Arnold's and Mr. Merivale's, which are not only exempt from the defects we have noted, but may even be read with as much gratification as any narrative of modern events.

From the Athenæum.

Of Mr. Merivale's merits as a historian we have expressed generally our opinion. The student will find in the present volume the scholarship, power and impartiality which characterized the previous volumes. * * * Mr. Merivale has appreciated the depth of the Flavian reaction, and he has done justice to the memory of those Emperors who, under its influence, made a last effort to check Rome's downward course.

From the London Spectator.

The ability with which Mr. Merivale's history has been written—his great research, his freedom from partisanship, his vigorous narrative, his genial sense of character—are likely for a good while to keep English competitors out of the field which he has traversed.

From the North American Review.

He is manifestly not a mere scholar, or rather, he is not exclusively a book-man, but a keen observer of men and society around him; for, while his Romans are neither modernized nor Anglicised, they are actual men, endowed with human passions, affections and liabilities, and not the impassive abstractions which have so long usurped the Roman name in history.

* * * This History must always stand as a splendid monument of his learning, his candor and his vigorous grasp of intellect. Though he is in some respects inferior to Macaulay and Grote, he must still be classed with them as one of the second great triumvirate of English Historians.

From the army hospital—the bloody battle field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REEDSBURY, Wis., Sept. 16, 1863.

* * * * I have been in the army hospitals fourteen months—speechless and nearly dead. At Alton, Ills., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * * *

C. H. FLAUTE.

SOUTH WARSAW, Ohio, July 28, 1863.

* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters. * * * *

EDWARD WOUNALL.

The following is from the Manager of the Union Home School for the Children of Volunteers:

HAVEMEYER MANSION, 57TH-ST., }
NEW-YORK, Aug. 2, 1863. }

DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in the head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite increased; strength and health followed. * * *

Respectfully, MRS. O. M. DEVOE.

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

Rev. W. H. WAGGONER, Madrid, N. Y.

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend,

ASA CURRIN, Philadelphia, Penn.

* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

Rev. J. S. CATHORN, Rochester, N. Y.

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & CO.,
Proprietors of Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. D. ANDREWS.
Superintendent Soldiers' Home, Cincinnati, Ohio.

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY, Cleveland, Ohio.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE,
Agent for Colgate & Co., No. 254 Broadway.

&c., &c., &c., &c., &c. &c.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and imposter. We only put it up in our log-cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our United States Stamp over the cork, and signature on steel plate side labels.

Sold by respectable dealers throughout the habitable globe.

BOWER'S INFANT CORDIAL
Is one of the most delightful and efficacious remedies ever discovered for curing the various ills to which infants and young children are subject.

This invaluable cordial is prepared from a variety of the most choice and valuable aromatics known in medicine; and is a speedy cure for colic, cramps and windy pains. It is of excellent use to children that are of a restless and fretful habit; and to those who are greatly troubled with griping, vomiting or looseness, a few doses of the cordial will give immediate ease. CHILDREN CUTTING THEIR TEETH HARD, and thereby suffering intense pain, may be considerably relieved by applying a small portion of the cordial to the finger, and rubbing the gums gently for a short time.

Adult persons afflicted with similar complaints will find the Infant Cordial equally beneficial in their cases. PARENTS AND GUARDIANS having the care of children are requested to make trial of this remedy, as it is confidently believed that, when they learn its value, no family will consent to be without it.

MEDICAL.

WILL YOU READ?

No. 48 Wall-st., New-York, Oct. 27, 1863.

Messrs. Carreño Bros. & Co.:

Gentlemen: It gives me great pleasure to inform you that your "Tropical Balsam" has entirely relieved me of a protracted and painful cold, exhibiting itself in severe hoarseness, sore throat and pains in my chest, from which I had been suffering for over a month past.

As I have given your "Tropical Balsam" a fair and impartial trial, and am convinced of its thoroughly beneficial effects, I cheerfully recommend this remedy to such as may be suffering from similar causes as the means of a certain and speedy cure. Respectfully yours,

WM. J. HUGHES.

New-York, Oct. 13, 1863.

Messrs. Carreño Brothers & Co.:

Gentlemen: My wife was long suffering from a very bad felon on her right hand, which had to be opened at last. The hand was so much inflamed and swollen, and the opening so large and deep, owing to the extent of the felon, that we all entertained serious fears that she might lose at least the two fingers which were interested. But, fortunately, the reputation of the virtues of the "Tropical Balsam," which you prepare, reached our ears. My wife used it as an only remedy, and the inflammation and swelling shortly disappeared, the hand getting nicely and perfectly healed in five days, to our astonishment, and even to that of the doctor who had opened the said felon. We look upon the "Tropical Balsam" as a most valuable and miraculous remedy, and I am very happy to state it to you as a testimony of our appreciation of it. We hope the said Balsam will soon be universally used, for the sake of suffering humanity.

I am, with great regard, gentlemen, your most obedient servant,

D. MOONEY,
No. 335 East 16th-st., New-York.

AMUSEMENTS.

The Fall season may be said to merge into the Winter season to-night, when Mr. MARETZEK commences his second subscription. It is—so far as Italian opera is concerned—the last until next year. The public has been so well satisfied with the past twelve nights, that the manager does not find it necessary to stimulate interest by new and elaborate promises. The company remain the same. "Judith," a Biblical opera, will be produced, and, perhaps, "Faust." The standard *repertoire* of the Academy will be illustrated by the members of Mr. MARETZEK's excellent company; and, in some of the operas, new combinations will be effected of rare and peculiar interest. This is the case to-night in "Lucrezia Borgia," which will be cast to the entire strength of the company. Several of Mr. MARETZEK's principal artists take part in the finale to the first act—an instance of condescension which only our popular impressario can extort from the company. Mme. MEDORI is the *Lucrezia*. The *rôle* is one of that lady's greatest dramatic efforts.

Mr. GRAU returned from Europe last week, bringing with him the material of a first-class opera company. What he is to do with it no one at present knows. The Academy of Music is, we suppose, beyond his reach. There are plenty of other theatres in the City, but they are all doing so well that it is hardly probable the proprietors will risk an interruption of their regular business for the sake of a brief experiment in Italian Opera. Mr. GRAU, for the moment, maintains a masterly inactivity. He is not in the slightest degree frantic at the condition of things. He seems to be confident that something will turn up, and he is content to bide his time. Curiously enough something always *does* turn up for this most fortunate of men and managers. If Mr. GRAU should suddenly burst into full operatic blossom it would astonish no one. Mme. VERA-LORINI and Mlle. CASTRI are Mr. GRAU's prima donnas.

THE ALHAMBRA CIRCUS.—To-day the admirably conducted season terminates with a farewell carnival, which takes the form of a testimonial benefit to Mr. ANDREW J. NIXON—the general business director—to whom the patrons of the Alhambra are indebted for the genteel character of the amusements which have been offered them. This will be the last appearance of the marvelous Arabs, Mme. MACARTE, EATON STONE, and all the great attractive features of the circus. In addition to whom a host of professional volunteers will appear.

Mr. GEORGE VANDENHOFF has commenced a series of readings at Dodworth's Hall. There will be two entertainments this week—to-night and on Friday.

The announcements at the various places of amusement to-night, are as follows: At Mr. WALLACK's the drama of "Rosedale;" at the Winter Garden Mr. and Mrs. FLORENCE commence an important engagement, appearing to-night in three of their best pieces. We are glad to hear that these favorite artists bring with them a new *repertoire*; at Mrs. JOHN WOOD's "Pocahontas" is still the all-sufficient attraction. Many desirable improvements have been made in the piece. The scenery and costumes are thoroughly splendid, and the extravaganza goes quickly and well; at Niblo's Garden Mr. FORREST appears in one of his favorite parts; at Barnum's Museum a new ghost piece called "Christmas Eve, or the Duel in the Snow," will be produced this afternoon and repeated in the evening; a new pantomime will also be played, entitled the "Rendezvous, or the Village in an Uproar." There are a variety of other attractions at this establishment, to which we cannot here refer; it is sufficient that the whole entertainment is the cheapest and most varied in the City.

The next performance at the Theatre Française, is on Tuesday, (to-morrow) evening.

Mr. WM. WHEATLEY, the liberal and admirable lessee and manager of Niblo's Theatre, will shortly revive Shakespeare's tragedy of "Coriolanus," in a style of splendor that cannot be excelled. All that unlimited resources and good taste can suggest will, we are sure, be done to make it one of the great triumphs of Mr. FORREST's engagement.

GEORGE CHRISTY provides an entirely new programme to-night.

Mr. THEODORE THOMAS' second popular matinée on Saturday, was again damaged by the weather. The performance, notwithstanding, was interpreted in a thoroughly admirable manner, and to the enjoyment of a select but fashionable audience.

FRIENDS
AND
RELATIVES
OF THE
BRAVE
SOLDIERS AND SAILORS!
HOLLOWAY'S
PILLS AND OINTMENT!

All who have Friends and Relations in the Army or Navy should take especial care that they be supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with them no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need.

COUGHS AND COLDS AFFECTING TROOPS
will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the directions which are attached to each Pot or Box.

SICK HEADACHES AND WANT OF APPETITE, INCIDENTAL TO SOLDIERS.
Those feelings which so sadden us usually arise from trouble or annoyances, obstructed perspiration, or eating and drinking whatever is unwholesome, thus disturbing the healtful action of the liver and stomach. These organs must be relieved if you desire to be well. The Pills, taken according to the printed instructions, will quickly produce a healthy action in both liver and stomach, and, as a natural consequence, a clear head and good appetite.

WEAKNESS OR DEBILITY, INDUCED BY OVER FATIGUE,
will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the Bowels be either confined or unduly acted upon. It may seem strange that HOLLOWAY'S PILLS should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach, and thus remove all the acrid humors from the system. This medicine will give tone and vigor to the whole organic system, however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.

VOLUNTEERS! ATTENTION!!
INDISCRETIONS OF YOUTH.
Sores and Ulcers, Blotches and Swellings, can with certainty be radically cured, if the Pills are taken night and morning, and the Ointment be freely used, as stated in the printed instructions. If treated in any other manner they dry up in one part to break out in another; whereas this Ointment will remove the humors from the system, and leave the patient a vigorous and healthy man. It will require a little perseverance in bad cases to insure a lasting cure.

FOR WOUNDS, EITHER OCCASIONED BY THE BAYONET, SABRE OR THE BULLET, SORES OR BRUISES,
To which every Soldier and Sailor are liable, there are no medicines so safe, sure and convenient as HOLLOWAY'S PILLS and OINTMENT. The poor wounded and almost dying sufferer might have his wounds dressed immediately, if he would only provide himself with this matchless Ointment, which should be thrust into the wound and smeared all round it, then covered with a piece of linen from his knapsack and compressed with a handkerchief. Taking, night and morning, six or eight Pills to cool the system and prevent inflammation.

Every Soldier's Knapsack and Seaman's Chest should be provided with these valuable remedies.

THE SOLDIERS' TRUE FRIEND!
ALWAYS READY.
HOLLOWAY'S OINTMENT.
SOLDIERS, ATTENTION!

See to your own health; do not trust to the Army supplies, although most valuable. These PILLS and OINTMENT have been thoroughly tested; they are the only remedies used in the European Camps and Barracks. For over forty years Doctor HOLLOWAY has supplied all the Armies in Europe; and during the CRIMEAN CAMPAIGN he established a Depot at Balaklava for the exclusive sale of these GREAT REMEDIES; many a time his Special Agent there has sold over a ton in weight of the Ointment in a single day. Those terrible and fatal enemies of the SOLDIER IN CAMP,
DIARRHŒA, DYSENTERY, SCURVY, SORES AND SCROFULOUS ERUPTIONS,
all disappear like a charm before these PILLS and OINTMENT; and now, while the cry rings throughout the land,
TO ARMS! TO ARMS!
☞ Read the following brief note received from one of our brave soldiers now in the field:

WASHINGTON, D. C., Sept. 27, 1862.
Thomas Holloway, Esq.:

Yours, very truly,
S. R. HARDLY, 9th Cavalry.

These symptoms, if allowed to go on, which this Medicine invariably removes, soon follows Fatuity, Epileptic Fits, in one of which the patient may expire. Who can say that they are not frequently followed by those "direful diseases," "INSANITY and CONSUMPTION." Many are aware of the cause of their sufferings, but none will confess.
The records of the Insane Asylums, and the Melancholy Deaths by Consumption, bear ample witness to the truth of the assertion. The constitution once affected with Organic Weakness, requires the aid of Medicine to Strengthen and Invigorate the System, which HELMBOLD'S EXTRACT BUCHU INVARIABLY DOES.

AND BEAUTIFYING THE COMPLEXION.
NOT A FEW
Of the worst disorders that afflict mankind arise from the corruption that accumulates in the blood. Of all the discoveries that have been made to purge it out, none can equal in effect HELMBOLD'S COMPOUND EXTRACT OF SARSAPARILLA. It cleanses and renovates the blood, instils the vigor of health into the system, and purges out the humors which make disease. It stimulates the healthy functions of the body, and expels the disorders that grow and rankle in the blood. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit of certificates to show its effects, but the trial of a single bottle will show to the sick that it has virtues surpassing anything they have ever taken.
Two tablespoonfuls of the Extract of Sarsaparilla added to a pint of water, is equal to the Lisbon Diet Drink, and one bottle is fully equal to a gallon of the Syrup of Sarsaparilla, or the Decoction as usually made.
☞ THESE EXTRACTS HAVE BEEN ADMITTED TO USE IN THE UNITED STATES ARMY, and are also in very general use in all the STATE HOSPITALS and PUBLIC SANITARY INSTITUTIONS throughout the land, as well as in private practices, and are considered as invaluable remedies.

Induced by the extensive sale and universal popularity of Hoofland's German Bitters, (purely vegetable,) hosts of ignorant Quacks and unscrupulous adventurers, have opened upon suffering humanity the flood-gates of Nostrums in the shape of poor whisky, vilely compounded with injurious drugs, and christened Tonics, Stomachics and Bitters.
Beware of the innumerable array of Alcoholic preparations in plethoric bottles and big-bellied kegs, under the modest appellation of Bitters, which instead of curing only aggravate disease, and leave the disappointed sufferer in despair.
Do you want something to strengthen you?
Do you want a good appetite?
Do you want to build up your constitution?
Do you want to feel well?
Do you want to get rid of nervousness?
Do you want energy?
Do you want to sleep well?
Do you want a brisk and vigorous feeling?
If you do, use HOOFLAND'S GERMAN BITTERS.
From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.
Although not disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.
I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this City, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.
J. NEWTON BROWN.
PHILADELPHIA, June 23, 1861.
PARTICULAR NOTICE.
There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whisky or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Anise or Coriander Seed.
This class of Bitters has caused, and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use, the system is kept continually under the influence of alcoholic stimulants of the worst kind, the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunkard's life and death.
For those who desire and will have a Liquor Bitters we publish the following receipt. Get one bottle Hoofland's German Bitters and mix with three quarts of good brandy or whisky, and the result will be a preparation that will far excel in medicinal virtues and true excellence any of the numerous Liquor Bitters in the market and will cost much less. You will have all the virtues of HOOFLAND'S BITTERS in connection with a good article of Liquor, at a much less price than these inferior preparations will cost you.
ATTENTION, SOLDIERS!
AND FRIENDS OF SOLDIERS.
We call the attention of all having relations or friends in the army to the fact that "Hoofland's German Bitters" will cure nine-tenths of the diseases induced by exposures and privations incident to camp life. In the lists published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating, that if these Bitters were freely used among our soldiers, hundreds of lives might be saved that otherwise will be lost.
We call particular attention to the following remarkable and well-authenticated cure of one of the nation's heroes, whose life, to use his own language, "has been saved by the Bitters."
PHILADELPHIA, Aug. 23, 1863.
MESSRS. JONES & EVANS: Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and who were fully cognizant of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Capt. R. B. Ayres. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House, and sent to this City on board the steamer *State of Maine*, from which I landed on the 28th of June. Since that time I have been about as low as any one could be, and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I *did* force a morsel down, it was immediately thrown up again.
I could not even keep a glass of water on my stomach. Life could not last under these circumstances, and accordingly the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread Archer, frankly told me they could do no more for me, and advised me to see a clergyman, and to make such a disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbron, of Sixth, below Arch-street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now, thank God for it, getting better. Though I have taken but two bottles, I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for, gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken the place of vague fears—to your Bitters will I owe the glorious privilege of again clasping to my bosom those who are dearest to me in life.
Very truly yours, ISAAC MALONE.
We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health.

TO THE PRBLIC.
In 1860, we first introduced to the public the celebrated preparation known as CONSTITUTION WATER. It is prepared on purely scientific principles, and embodies the full strength of the various ingredients entering into its composition.
A table-spoonful of Constitution Water, added to a pint of pure sweetened water, constitutes the celebrated Lisbon diet drink, so much used by enfeebled and delicate constitutions of both sexes and all ages.
We desire in this connection to make a plain statement of facts, being prompted to do so—
First—By a consideration of the welfare of suffering humanity.
Second—Because we do not wish our article classified as a nostrum or patent medicine, many of which are made by persons too ignorant to read a physician's simplest prescription, much less to manufacture pharmaceutical preparations.
These persons advertise. This we are compelled to do, to bring our name before the public, conscientiously believing that we have the most valuable article that was ever advertised. It has been advertised several years commencing in a small way, and has not only sustained its reputation, but its popularity has extended to all parts of the United States, and widely throughout foreign countries.
As before remarked, we, in common with the manufacturers of patent medicines, advertise my medicines. But how short-lived have been the thousands of these articles. And yet there are many persons who will continue to think that merit in the article is not essential to success.
Our course in many particulars has been quite different from that of any others. With over 30,000 unsolicited certificates and recommendatory letters from all sections, many of which are from the highest sources, including eminent physicians, clergymen, statesmen, &c., we have not been in the habit of resorting to their publication in the newspapers. We do not do this for the reason that, as our article ranks as standard a remedy, it does not need to be propped up by certificates. We may, however, without too much deviation from our plan, present here a specimen or two selected by chance from the great number at hand. Read the following certificates of cures of years' standing:
WETHERSFIELD, CONN., March 2, 1863.
DR. W. H. GREGG—Dear Sir:—Having seen your advertisement of Constitution Water, recommended for Inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only a temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Messrs. LEE, SISSON & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used two bottles of it and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love. Yours, truly, LEONARD S BIGELOW.
DANVILLE, Penn June 2, 1862.
Dr. WM. H. GREGG—Dear Sir: In February, 1861, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured; soon after regaining my usual good health.
Yours, truly, J. V. L. DE WITT.
This gentleman offers the following references attesting the facts of this case:
Hon. WM BIGLER, Ex-Governor Pennsylvania.
Hon. THOS. B. FLORENCE, Philadelphia.
Hon. J. C. KNOX, Attorney-General, Harrisburgh, Penn
Hon. J. S. BLACK, U. S. Attorney-General, Washington
Hon. D. R. PORTER, Ex-Governor, Penn.
Hon. R. C. GRIER, Judge U. S. Court.
Hon. JOHN BIGLER, Ex-Governor California.
JOHN ARNOT, Jr., Elmira, N. Y.
Maj.-Gen. SLOCUM.
Brig.-Gen. TAYLOR, and thousands of others.
Of the whole number treated, as shown by our certificates, 8,320 were treated for diseases of the Bladder, Kidneys, Gravel and Dropsical Swellings. The average amount of medicines consumed, as per certificates, was seven bottles; the average term of suffering, one year and one month. Of this number, 380 were females, 227 children, and the balance males.
10,121 were treated for diseases arising from excesses: Habits of Dissipation, youthful imprudence, attended with various symptoms, among which will be found indisposition to exertion, weak nerves, dimness of vision, night sweats, pallid countenance, great mobility, restlessness, horror of society, no earnestness of manner. These symptoms, if allowed to continue, would undoubtedly result in epileptic fits, insanity or consumption. How many thousands of the young have died of these causes. Visit our almshouses, hospitals and prisons, and see the misery they produce. Out of these 10,121 there were 5,021 males, 3,750 females. The sex of the remaining number was not stated in letters. The average time of suffering was 4½ years; average age, 21 years; average amount of medicine consumed, 10½ bottles. In respect to ailments peculiar to women in decline or change of life, this will be found invaluable. No family should be without it.
6,391 were treated for diseases of the blood arising from habits of dissipation. Of this number 2,247 were treated for Syphilis, 544 for humors in the blood, 1,333 for diseases of a secret nature, in all their stages. In this class of complaints patients do not readily volunteer certificates, which accounts for the small number received. Of this number 4,219 were males and 2,201 were females; average age, 26 years and 2 months; average term of suffering, 3 months; average amount consumed, 9 bottles.
The above statistics are taken from a diary kept expressly for the purpose, and with great care.
The proprietors in making this statement, hope that their motive may be appreciated. A feeling that entire candor is due to all has prompted him to do so. We are well aware that many persons consider five or ten dollars expended in any kind of medicine for the benefit of their health a waste of money, and yet these same persons will expend hundreds of dollars in dress and dissipation, and think nothing of it. Such forget
That good health
Is true wealth.
To the suffering we would say, in conclusion, that we have had much to contend with, the object being chiefly of this description. The expense of preparing our article is such that we could not afford to commission it as patent medicine manufacturers do, but have been compelled to sell for cash.
Consequently we have lost much by unprincipled dealers endeavoring to dispose of their own or other articles on the reputation of mine. The merit of our preparation has however, quietly pushed itself into favor; but you still need to exercise care to obtain my true preparation.

DIABETES,
STONE IN THE BLADDER, CALCULUS, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS, OR MILKY DISCHARGES AFTER URINATING.
IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER,
STRANGURY AND BURNING, OR PAINFUL URINATING.
For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.
Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.
PHYSICIANS
Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.
CONSTITUTION WATER
has proved itself equal to the task that has devolved upon it.
DIURETICS
Irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.
We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.
